

Magnolia Farms
18125 Dorman Road, Lithia, FL 33547

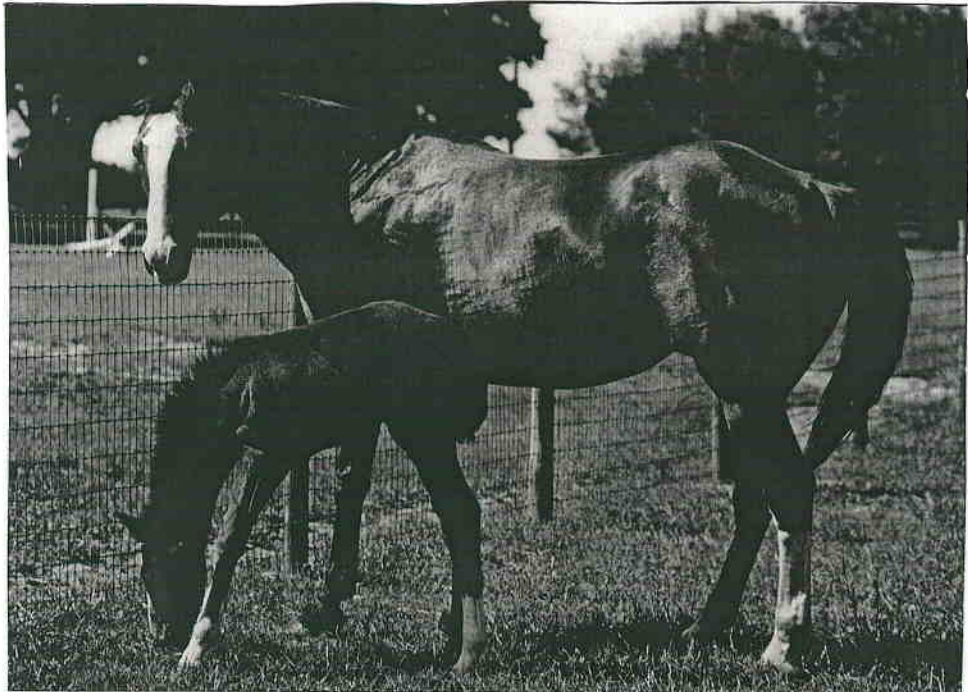

To: Dr. Kuebelbeck, Dr. Padgett, & the Great Surgi-Care Staff

Both of us (and Molly) want to thank you for the wonderful care Molly received at Surgi-Care. Not only did Dr. Padgett arrive as quickly as she could on the night Molly was in distress, she helped me find someone to trailer her to the clinic as my husband's truck was parked at the airport, and I didn't have a vehicle available to tow our horse trailer. Dr. Padgett's soothing manner with both me and Molly was so helpful in keeping me (primarily) calm and helped me deal with everything that was going on.

When we arrived with Molly at Surgi-Care, Dr. Kuebelbeck and her staff were all ready for us. Molly received excellent care during the six days she was at Surgi-Care. Dr. Kuebelbeck was wonderful about keeping us informed about how Molly was doing. Every time we went there to visit her, the barn was immaculate.

We could walk up to any staff member and ask them about Molly and they could tell us how she was doing. You really have a great team!

Dr. Padgett, Dr. Kuebelbeck and the entire Surgi-Care staff certainly have our heartfelt thanks for not only saving Molly's life but for taking such good care of her and caring about her.

Molly's is 21 years old and had her first (and only) foal at age 19. Her "baby", Molly's Sweet Magnolia, (we call her Maggie) was extremely happy to see her mother come home also.

Thanks again for your talents, your professionalism, and your caring and concern. We horse lovers are fortunate to have a place like Surgi-Care in our community.

Sincerely,

Ruth & Chuck Edmonds & Molly
